The sum of the 4 formative tests : $12 + 14 + 15 + 13 = 54$

Average : $54/4=13.5$

The 13.5 may be rounded off to 14 and the figure has to be taken into account for posting.

If the average score is between 13.1 to 13.4 it has to be rounded off to 13 only.

- 5) In case, a candidate has taken only three formative tests and absent for 4th formative test, it is the responsibility of the concerned teacher and the Headmaster to conduct the 4th formative test by intimating the same to the candidate.
